## **Instructions for completing the number porting request:**

Thank you for your choice in porting your current telephone number(s) to Faster.IO Inc. We ask that you please read and follow all instructions on this form, so that we may port your current number(s) to our service successfully.

- Please ensure that all information provided to Faster.IO Inc. (name, address and phone number) on this form EXACTLY matches the information on your current local telephone bill.
- Please return to your Sales Person the completed and signed form and a copy of the MOST RECENT local telephone bill via one of these methods. The bill must show the name, billing and service addresses, all telephone numbers that need to be ported, and the name of the current telephone provider.

### **IMPORTANT:**

- Please DO NOT contact your current service provider to disconnect service, as this will stop the porting process. You must keep the service until the porting process is complete.
- Please remember it is your responsibility to disconnect your service with the old service provider AFTER the port has been completed.
- Please DO NOT make any changes to your current account with the provider as it could cause complications.
- Please ensure that your account balance and any outstanding charges ARE paid off with the current provider or the provider will not release the numbers to us.
- Please make sure you DO NOT have DSL services or ALARM systems on ANY of the numbers you request ported to Faster.IO Inc. You will lose the DSL service. Contact the current service provider BEFORE submitting this form if you are not sure.
- Please provide a copy over your MOST RECENT local telephone bill with this form. The bill must show your name, billing and service addresses, all telephone numbers you wish to port, and the name of your current telephone provider.
- A separate "Letter of Authorization" is required for each account if you are moving local numbers from multiple accounts with the same phone service provider or different providers.

Option 1 (Bring Your Phone)	Option 2 (Rent Desk Phone)	Option 3 (Rent Cordless Phone)
\$0 per Month OUR COST = \$50	\$7 per Month OUR COST = \$95	\$11 per Month OUR COST = \$120
PRO: Cheap CON: diagnosing client end device difficult. Must be installed close to <a href="https://faster.io">faster.io</a> router as it MUST be connected via cat5e... then a phone cable needs to be ran to physical phone... TOO MANY POINTS OF FAILURE!!!!	PRO: wifi, can be deployed anywhere where there is a power outlet.	PRO: same as opt2. CON: battery may need replacement every 1-2 years... troubleshooting this ... send via mail ... next day... etc ....
